Energy Efficiency Assistance – Income Qualified

Income Qualified Programming utilizes partnerships with local Community Action Agencies

Energy Optimization funding is used to increase the number of weatherization projects and/or measures that can be completed for persons/families with incomes at or below 200% of the poverty level.

Community Action Agencies, through the Michigan Community Action Agency Association, have been given program measures/guidelines/budgets for the installation of energy savings measures that could include CFLs, refrigerators, insulation, water heaters, air sealing and/or furnace/ECM motor replacement.

Energy Depot

Free Energy-Saving Kit Mailed at Completion of Full Energy Profile - Valued At \$25-\$30

The screenshot shows the Energy Depot website. At the top left is the 'ED ENERGY DEPOT' logo. To the right is the Michigan Gas Utilities logo, featuring a red flame icon and the text 'MICHIGAN GAS UTILITIES™'. Below the logo is a navigation menu with links: Welcome, Profile, Calculator, Comparison, Library, and Rebate Programs. The main content area is titled 'Energy Profile' and contains the following text: 'Welcome to Michigan Gas Utilities's Home Energy Profile. You can use the Energy Profile to receive a comprehensive analysis of your home's energy use and identify cost saving opportunities.' Below this is a paragraph: 'After receiving your Energy Profile, you'll likely want to come back and view it again, update it or even create a Profile for another residence. So that we can save your Profile, you need to register and create a user name and password. The process is quick and easy and your information is kept confidential.' At the bottom of this section is a link: 'Still have questions? Find out how the Energy Profile works [here](#).' On the right side of the page is a 'Log in' form with fields for 'User Name:' and 'Password:', and buttons for 'Login', 'Register', and 'Help'. At the bottom center is the Enercom logo with the text 'ENERCOM Copyright © 2000 - 2010 Enercom, Inc.' and a small 'Efficiency UNITED' logo on the left side of the page.
